Teresa Dominick  
Altamont Landfill and Resource Recovery Facility  
10840 Altamont Pass Road  
Livermore, CA 94551

**Subject: Local Enforcement Agency (LEA) – Acceptance of the Altamont Landfill and Resource Recovery Facility (ALRRF) Application Package for a 5 year Permit Review (01-AA-0009)**

Dear Ms. Dominick:

Upon the receipt of the updated version of the Joint Technical Document (JTD) – 3 volumes on June 7, 2010, this letter is to notify you that the LEA has determined and accepted the 5-year permit review application package as complete (CCR Title 27, Section 21600 & 21640). The original application package with lack of the updated JTD was received on March 15, 2010.

A copy of the updated JTD is forwarded to Reinhard Hohlwein, CalRecycle on June 16, 2010 by certified mail. Please provide a copy to the Local Planning department and the State Water Resources Control Board.

Be advised that any design or operational changes associated with these documents are not sanctioned until incorporated in a Solid Waste Facility Permit which has been concurred in by the California Department of Resources Recycling and Recovery (CalRecycle) and issued by the LEA.

Your cooperation is appreciated. If you have any questions, please contact Wing Suen at (510) 777-2218.

Yours truly,

Wing Yan Suen, Senior REHS  
Office of Solid/Medical Waste Management  
Alameda County Environmental Health Services
